

EAD-VT2 Series

The EAD-VT2 Series is a medium-sized low-profile LED Aluminum Channel compatible with LED Strips up-to 0.79" (20mm) wide.

It's designed for high output LED lighting applications compared to slimline channels with its thick heatsink design.

It is a perfect selection for outdoor wall-washing applications.

It features a wide range of installation options. EAD-VT2 Series can be used with three different mounting options;

- Pendant LED Channel with Suspension Kit
- Surface Mount LED Channel with Flat Surface Mounting Brackets
- Adjustable Mounting Bracket
