

ETL-KCK Series

The ETL-KCK Series is a Trim-less Mud-In Drywall LED Channel compatible with LED Strips up to 0.48" (12.3mm) wide.

ETL-KCK Series LED Channel is designed for Mud-In (Plaster-In) Mounting for a Seamless Recessed Look. It's designed for installations with 5/8" drywall.

It can be used to incorporate LED lighting into a base-board as well as a cove light with the light directed to the ceiling.

This LED Channel provides exceptional cooling and helps to extend the lifespan of your LED source.
